

Rizq-Ar-Rahman

Charitable Labuan Foundation

ABOUT US

Rizq-Ar-Rahman was established in 2015 as a charitable foundation registered under the Labuan Foundations Act 2010.

We strive to positively impact communities and uplift lives through various humanitarian and enrichment activities. Our projects extend beyond Malaysia to include sending aid wherever we can ensure reliable delivery.

MISSION

We are committed to serving Allah by acting as a conduit to help the needy find their share and improving lives through education, health and livelihood opportunities, with Allah's teachings as the motivation, guide and compass in our work.

OUR TEAM

With its founder at the helm, Rizq-Ar-Rahman is led by a Council comprised of professionals from across various industries and even nationalities, carrying with them a wealth of experience, vision and passion.

While finding strength in its diversity of backgrounds and experiences, our team is united and motivated by one common desire and goal – to serve Allah in the best way possible through our activities.

EDUCATION

We believe firmly in empowerment through education.

Our projects include a learning centre for refugees and the underprivileged as well as tuition programmes for the poor.

Al-Ansaar Learning Centre is a learning centre for refugees and the underprivileged where students are equipped with conventional and Islamic education, with a focus on character development.

WATER PROJECTS

We strive to provide access to clean water to those in need.

By the grace of Allah, we have managed to build hundreds of water wells, tanks and pumps in various countries including Malaysia, Yemen, Mozambique, Cambodia and the Philippines, providing clean water and better sanitation to thousands.

FOOD AID

Feeding the poor is an integral part of our work.

Our activities include iftar programmes during Ramadan, and grocery distributions and hot meals throughout the year and across borders, whether they be through large food drives or delivering essential groceries right to the doorstep of the hungry.

MEDICAL AID

We aid those who are in need of important and urgent medical attention.

Our aid includes funding of vital surgeries, supply of medication and providing rehabilitative treatment.

LIVELIHOOD

We equip refugees and the needy with livelihood skills to enable them to generate income and attain financial independence, with the support of professional bakers and chefs who generously share their knowledge and skills.

MASJID CONSTRUCTION AND REPAIR

We strive to build mosques and places of worship for Muslim communities in need.

Our projects have included rebuilding a masjid destroyed by a hurricane, renovating and repairing delapidated or damaged mosques and suraus in Malaysia and Mozambique.

ISLAMIC LEARNING

We support Islamic causes which help protect, nurture and develop the Deen.

From Quran classes to prayer workshops and dawah activities, we endeavour to play our part in spreading the message of Islam and its correct teachings to new Muslims and the poor.
